

FOR CHABOT ELEMENTARY FAMILIES

Raising a kid whose brain works differently?

You're not alone at Chabot. Not even close.

A parent-made map of school support. What to ask for, who to ask, and what all those acronyms actually mean — IEP, 504, SST — explained like a friend would.

The magic words. Copy-and-paste sentences that get free testing, team meetings, and plans moving — kindly, and in writing.

Your people. A private group of Chabot families trading the real answers: which camps work, which therapists have openings, and how it actually goes.

**Point your camera here.
That's it.**

The Chabot Family Navigator — every path, every phone number, and the exact words to use, on your phone in ten seconds.

FREE · PARENT-MADE · NO SIGN-UP

Scan for the map

IEP? The big plan.

504? The small-changes list.

SST? Just a meeting.

Confused? That's the point of the map.
